

Information about coronavirus (COVID-19)

Specific advice has been issued by the state and federal health departments and that is being updated regularly.

If you have potential symptoms of coronavirus (COVID 19) or contact with known or suspected case or have travelled overseas within the last 2 weeks ***please do not attend the rooms.***

Symptoms include:

- Fever
- Breathing difficulties such as breathlessness
- Cough
- Sore throat
- Fatigue or tiredness.

If you have symptoms or concerns please seek advice via the Victorian Department of Health Coronavirus hotline: 1800 675 398 or please phone your General Practitioner (do not attend your general practice unless asked to do so)

More information and updates can be found on the Victorian department of health website:

<https://www.dhhs.vic.gov.au/coronavirus>

We advise *all patients who have symptoms* but do not meet the case definition to remain home and not attend work, school or any public places until symptoms have completely resolved. This means if you likely have a standard cold, flu like symptoms or viral illness it is best to stay at home.

If you are unsure whether you should attend the rooms please stay at home and phone (03) 8573 0000.

We are happy to try to arrange telehealth consultations if appropriate and/or attending an appointment might be difficult for any reason (These are usually via Skype or Zoom but can be via telephone). Follow up consultations are often suitable for telehealth review.

To arrange please contact the following Practice Managers for appointments.

Mr Roger Berry	-	Margie/Sonya	8573 0001
Ms Kaye Bowers/Mr Hamish Shilton	-	Robyn	8573 0022
Professor Wendy Brown	-	Jacki	8573 0004
Mr Paul Burton:	-	Jenny	8573 0071
Mr Andrew Smith	-	Jenni/Sandi	8573 0033
Mr Richard Chen	-	1300 165 038
